I.E. ISRAEL - U.S. ARMY BASE - MEDICAL TENT (4 YEARS AGO)

Sounds of [BUSTLING MEDICAL TENT FULL OF WOUNDED SOLDIERS]

are heard as STACY WARREN, young nurse, and woman from the photo, walks from cot to cot in the BUSY medical tent where over a dozen wounded American soldiers lay.

STOPPING IN PLACE FOR A MOMENT.

CLOSE ON STACY'S FACE PAINTED WITH STRESS AS SHE ZONES OUT AND ENTERS:

WHIMSICAL STATE OF SLOW MOTION, WIPING SWEAT FROM HER HEAD, TRYING TO CATCH HER BREATH, AS WE MOVE TO HER

POV: SLOWLY PANNING AROUND THE TENT SEEING SOLDIERS IN PAIN, CRYING OUT.

[INDISTINCT CHATTER] is heard through the quiet chaos of Stacy's perspective.

After a short beat, chatter slowly becomes more distinct until we again hear

Sounds of [BUSTLING MEDICAL TENT FULL OF WOUNDED SOLDIERS]

STACY SNAPS OUT OF IT, AND EVERYTHING RETURNS TO FULL SPEED.

People walk up to her with papers to sign. She greets each needy request with quiet strength, resolve, and a gentle smile.

She checks a soldier's bandages as he moans through the pain while another soldier begins speaking from his cot behind.

SOLDIER (O.S.)
Pipe down Nelson. I'm trying to get some shut eye.

Stacy cuts her eye over her shoulder with a slight frown on her face, then adjusts the soldier's IV and he immediately calms down and passes out.

SOLDIER (O.S.) (CONT'D)
There you go. What is that, tequila?

Stacy pauses but doesn't turn around.

SOLDIER (O.S.) (CONT'D)
And I know what you're thinking.

CLOSE ON Stacy standing still.

SOLDIER (O.S.) CONT.
But trust me, tequila can definitely knock you out. Just like that. I've done the research, doc.

Stacy turns around with a response.

REVEAL: Lucky, wounded in a cot.

STACY
It's nurse.. You know, I don't think its appropriate to joke about a man's life.. Mr...

Stacy looks at his paperwork.

STACY (CONT'D)
Lucky Daniels... Maybe jokes are part of your process dealing with the horrible things you see and experience in the field, but I'm dealing with the aftermath. Right here. That man may not make it through the night, and I take that very seriously. So next time you feel the need to "process," I'd prefer you abandon the sentiment your schoolteachers told you, "Sharing is caring," and just keep it to yourself.

Closer on Lucky smiling.

Lucky smiles while Stacy frowns.

STACY (CONT'D)
Why are you smiling?

LUCKY
I just didn't expect all this when you turned around.

STACY
All what? A dose of harsh truth?

Lucky looks away shaking his head.

STACY (CONT.)
Is that it? Can't take it...

LUCKY (INTERRUPTING)
You're breathtaking. It caught me off guard.

CLOSE ON Stacy's face, surprised and speechless.

LUCKY
And you're right... About everything. Sometimes I take it a little too far, but... That man, Nelson... He's a brother. I love all my brothers, and I would die for any one of them. But sometimes, this life on the battlefield... The job can be hard. Ya know?

There's a brief pause as Stacy softens emotionally.

STACY
(let's guard down)
I do. And I'm sorry too. I've been known to overreact on occasion. It's my first mission... Stress...

LUCKY
It's a bitch.

STACY
(depressurizing with a smile)
Your words, not mine.

They have a moment without words, as if no one else is around.

STACY (CONT'D)
Feel better Lucky.

LUCKY
You too nurse. I mean, yeah, nurse.

They smile at one another as she walks away.
